**Features & Benefits**

|  |  |
|--|--|
|  | <SpaceClean 3rd rack><br>Fit even full-size bowls, glasses and mugs into the deeper 3rd rack with powerful integrated water jets for effortless loading and flexibility.   |
|  | <6TH SENSE technology><br>With 6th sense technology, it automatically senses how dirty the dishes are and adapts the cycle time and water pressure accordingly. It ensures to provide the perfect performance with water, energy & time saving.                      |
|  | <Power Clean Pro><br>Powerful water jets on the rear of the machine work to deliver supreme cleaning results on the toughest soil.   |
|  | <HALF LOAD><br>If there are not many dishes to be washed, a half loading may be used in order to save water, electricity and detergent.  |
|  | <Sanitization><br>Thanks to Sanitization option, it could eliminates 99.999% bacteria and provide more HYGIENE experience  |
|  | <Natural Dry><br>The automatic door opening at the end of the program ensures better and more natural drying. This system guarantees higher energy efficiency and better drying results.   |
|  | <FLEXIBLE UPPER RACK><br>The height of the upper rack can be adjusted according to your needs: high position to place bulky crockery in the lower basket and low position to make the most of the tip-up supports by creating more space upwards and avoid collision |
|  | <Dual Inverter><br>With reliable dual inverter BLDC motors, the machine could be more energy saving & provide lower noise.   |

Control Panel

1. ON-OFF/Reset button with indicator light
2. PREVIOUS program button
3. NEXT program button
4. FAVOURITE program button with indicator light
5. Salt reservoir empty indicator light
6. Rinse Aid reservoir empty indicator light
7. DESCALE indicator light
8. Closed Water Tap indicator light
9. Display
10. Program number and remaining time indicator
11. Power Clean® option button with indicator light

12. Half Load option button with indicator light/ Settings - 3 sec. press
13. Extra Dry option button with indicator light
14. Delay option button with indicator light
15. START/Pause button with indicator light

Technical Specifications

|                           |                               |
|---------------------------|-------------------------------|
| Voltage                   | 220 - 240V                    |
| Current                   | 13 amp                        |
| Plug Type                 | UK plug with safety mark      |
| Length of Hose            | Inlet: 155cm   Outlet: 150 cm |
| Length of Electrical Cord | 130cm                         |
| Packaging Dimensions      | W 625mm x H 910mm x D 675mm   |
| Gross Weight              | 37.5kg                        |
| Place of Manufacture      | Made in Poland                |
